

### 1° Electrodes Standards :

Les dimensions dépendent de la puissance de la soudeuse. Généralement, on utilise les longueurs: 300, 400, 500 ..... jusqu'à la largeur maximum de la table.  
 Notez la Largeur (Width), Longueur (Length) et la puissance HF sur votre commande.

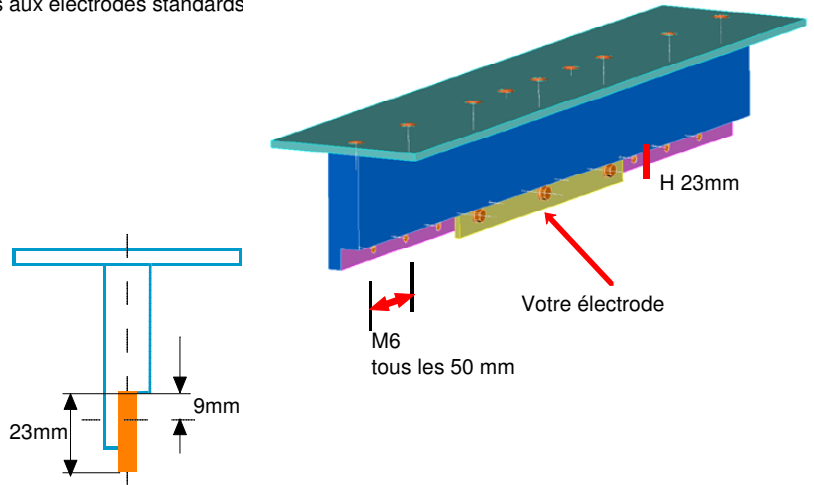

- Ref: 67810-Electrod **Width \* Lenght (Power wHF)**
- Ref: 67810-Electrod **15\*350 (1500wHF)**
- Ref: 67810-Electrod **15\*500 (3000wHF)**
- Ref: 67810-Electrod **20\*600 (5000wHF)**
- Ref: 67810-Electrod **20\*800 (8000wHF)**
- Ref: 67810-Electrod **25\*1000 (10000wHF)**
- Ref: 67810-Electrod **30\*1200 (12000wHF)**

### 2° Support pour vos propres electrodes :

Dimensions identiques aux électrodes standards n'est pas nécessaire de modifier les réglages mécaniques de la presse.

- Ref: 67810-Electrod Customized \* **Lenght (Power wHF)**
- Ref: 67810-Electrod Customized \* **350 (1500 wHF)**
- Ref: 67810-Electrod Customized \* **500 (3000 wHF)**
- Ref: 67810-Electrod Customized \* **600 (5000 wHF)**
- Ref: 67810-Electrod Customized \* **800 (8000 wHF)**
- Ref: 67810-Electrod Customized \* **1000 (10000 wHF)**
- Ref: 67810-Electrod Customized \* **1200 (12000 wHF)**

### 3° Support pour des électrodes mobiles :

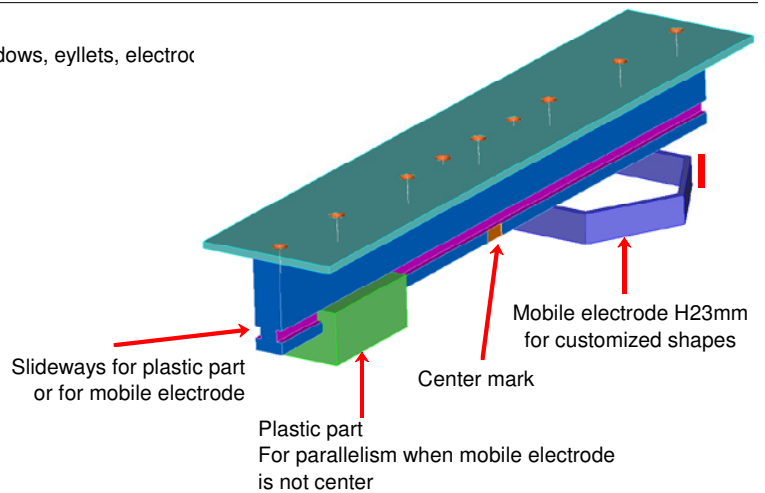

They are used for finishing with special forms: rings, stars, reinforcements, windows, eyelets, electroc hinges..... Same sizes as above standard electrodes.

- Ref: 67810-Electrod Mobile \* **Lenght (Power wHF)**
- Ref: 67810-Electrod Mobile \* **350 (1500 wHF)**
- Ref: 67810-Electrod Mobile \* **500 (3000 wHF)**
- Ref: 67810-Electrod Mobile \* **600 (5000 wHF)**
- Ref: 67810-Electrod Mobile \* **800 (8000 wHF)**
- Ref: 67810-Electrod Mobile \* **1000 (10000 wHF)**
- Ref: 67810-Electrod Mobile \* **1200 (12000 wHF)**

Plastic part:

- Ref: 67810-Electrod for Mobile - **Plastic part**

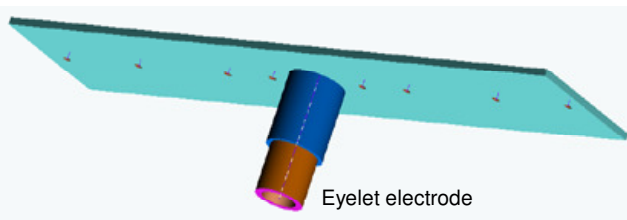

Exemple d'électrode mobile pour formes spéciales

### 4° Electrodes pour oeilllets :

Utilisée pour souder les accessoires PVC: Oeilllets, valves.....

- Ref: 67810-Electrod Eyelets \* **Lenght (Power wHF)**
- Ref: 67810-Electrod Eyelets \* **350 (1500 wHF)**
- Ref: 67810-Electrod Eyelets \* **500 (3000 wHF)**
- Ref: 67810-Electrod Eyelets \* **600 (5000 wHF)**
- Ref: 67810-Electrod Eyelets \* **800 (8000 wHF)**
- Ref: 67810-Electrod Eyelets \* **1000 (10000 wHF)**
- Ref: 67810-Electrod Eyelets \* **1200 (12000 wHF)**

### 5° Electrodes pour prototype :

Elle permet de faire des formes spéciales sans effort. Les formes sont découpées dans un matériau tendre de 5mm d'épaisseur. Le coût des prototypes est réduit.

- Ref: 67810-Electrod Proto \* **Lenght (Power wHF)**
- Ref: 67810-Electrod Proto \* **350 (1500 wHF)**
- Ref: 67810-Electrod Proto \* **500 (3000 wHF)**
- Ref: 67810-Electrod Proto \* **600 (5000 wHF)**
- Ref: 67810-Electrod Proto \* **800 (8000 wHF)**
- Ref: 67810-Electrod Mobile \* **1000 (10000 wHF)**
- Ref: 67810-Electrod Proto \* **1200 (12000 wHF)**
